Discussion Items

1. Adapted PE Presentation – Kathleen presented the adapted PE course proposal brought forward by adapted PE instructor, Maria Clara Gray.

Adapted Hatha Yoga - Level 1

The idea for this course is to offer a more challenging class option for our students that already takes the Adapted Yoga PE74A and PE74B. We have had a full roster for many years now during our Adapted PE yoga classes and we have a population that could benefit from a class that brings them to the next level and the Adapted Hatha Yoga would offer that.

Currently PE74 A and B are classes done mainly lying down or seated on chairs, this new class would offer standing yoga movement and postures, still with gentleness in mind, teaching students to modify the postures to their individual needs but challenging them to the next level of their yoga practice.

Not just for our already enrolled students in Adapted PE but an opportunity for any student to take a beginning yoga class that can help them succeed even if they suffer from any injuries or disabilities or if this is their first yoga experience.

Discussion:

- The APE will have a mirrored Noncredit version, just like the other APE courses.
- APE not only benefit SAS students, they are also open to general students.
- A gentle yoga course is an alternative to KIN yoga courses.
- Faculty have done good outreaching.
- Gina asked if there are units for the new courses. SAS will give the units.

Motion to approve: Lisa Morse
Second the motion: Rachel Klein
Vote: approved.

2. Tech review
 - Lori asked a few questions about Program Review. She will email Cari to fix the roles for the NE faculty.
 - Requisite matrix should be filled in if a course has prerequisite or corequisite.
 - Class max: if class max changes, a rationale is needed. UDWC will review the change as it is a work load related issue.

Meeting was adjourned at 2:52 pm.
