General Education: Transition to Cal-GETC

What is Cal-GETC?

- AB 928 (Berman, 2021) called for a single lower-division General Education Pattern to determine transferability to both CSU and UC systems
- New GE pattern: **Cal-GETC**
- Implemented **Fall 2025**

Cal-GETC

- **All IGETC-approved courses automatically approved for Cal-GETC (except 1C–Oral Communication)**
- Major changes
 - 34 units
 - AREA 1C–new
 - AREA 3–now 2 courses
 - AREA E–gone (also gone at CSUs)
 - Significant changes in standards
 - Content
 - Grades

What we've done...

- Curriculum Committee approved "grandfathering" GE Courses into corresponding area regardless of Cal-GETC approval as long as they meet Title 5 requirements
- Ethnic Studies Task Force provided recommendations for AREA 6
- Reconvened GE Committee for Fall 2024
 - Ad hoc committee of Curriculum Committee
 - Please join us!
 - First meeting: Thursday, September 5th @ 2:00 via Zoom
 - Same time 9/19, 10/3, 10/17

	Other?		

GE Committee Tasks

- Review courses in all GE Areas
- Review AREA 1B Oral Communication & Critical Thinking
- Review AREA 2 Mathematical Concepts & Quantitative Reasoning
- **Other areas?**
 - "Districts with local GE beyond the previous min categories and units should evaluate potential overlaps with new requirements, towards the goal of minimizing impact to student's unit accumulation"
- Evaluate COM's GE philosophy and ISLOs to align with new areas
- Present to Curriculum Committee for approval --> Academic Senate final approval

Catalog Rights

- Students who start Fall 2025 must follow Cal-GETC or local GE (depending on academic goal)
- Students who started prior to Fall 2025 can follow Cal-GETC, CSU GE Breadth or IGETC (as long as they maintain catalog rights AND were not dual enrolled HS students)
- Students maintain catalog rights to any year that they have attended as long as they have maintained "continuous enrollment" (which is attending one semester per academic year)*
 - Each CCC determines their own catalog rights policy
 - CSUs have catalog rights policy
 - UCs do not have catalog rights policy
- **This means that students in the same class will be following different GE patterns!!!!**
- **Please refer students to a counselor!!!**

*pending more Title 5 changes

Common Course Numbering

Common Course Numbering

- AB 1111 (Berman, 2021) called for a **student-facing** CCN system **for CCCs** by July 2024
- [Task Force Recommendations](#) released:
 - Phase I: "Proof of Concept" to be implemented Fall 2025
 - Descriptors to be released August 15th!
- CCN is NOT C-ID
 - C-ID descriptors are not going to be the CCN descriptors

What is C-ID?

- "Course Identification Descriptor"
- Current number system designed to make the transfer of courses and articulation easier
- "Reciprocity agreement" among CCCs and participating CSUs
- Required for Associates Degrees for Transfer (ADTs)
- Example: The following courses all meet the C-ID ENGL 100 College Composition
 - COM: ENGL 150
 - SRJC: ENGL 1A
 - NVC: ENGL 120
- C-ID does NOT include:
 - UC transferability
 - CSU/IGETC/Cal-GETC GE Area
 - Major preparation

CCN: Proof of Concept

- The following courses need to have a student-facing CCN **by Fall 2025**:
 - College Composition (**ENGL 150**)
 - Argumentative Writing and Critical Thinking (**ENGL 155**)
 - Public Speaking (**COMM 103**)
 - Introduction to Statistics (**MATH 115 and STAT 115**)
 - Introduction to American Government and Politics (**POLS 100 and POLS 101**)
 - Introductory Psychology (**PSY 110**)

Implementation Status: Phase I Taxonomy

Subject

Based on 4-letter abbreviations. A system-level list of abbreviations should be standard.

Course Type Identifier

C = Common Course Number
A local course would not have a "C" identifier.

SUBJ C####&&

Course Number (####)

0XXX – Non-baccalaureate
1XXX – 100-level course
2XXX – 200-level course
3XXX – 300-level course
4XXX – 400-level course
9XXX – Non-credit

Course Specialty Identifier (&&)

A system-level key will define options:
(examples)

H = Honors Course
L = Lab Only Course
S = Support Course
E = Embedded Support

- Up to 2 specialty identifiers can be attached to a course
- A course with no identifiers would not have fillers in those fields.

CCN Descriptor Recommendations

F.1.d Implementation Recommendation - CCN Descriptors

A CCN Descriptor is a foundational document that defines the common minimum elements of a course for CCN. The following table provides

CCN Descriptor Elements		Descriptor Elements Classification
Course Number		Identical
Course Title		Identical
Unit Amount (x semester, y quarter)		Adheres to an established minimum
Course Description	Part 1: Required	Identical
	Part 2: Optional	Expanded - local college discretion
Prerequisites, Corequisites, and Other Limitations on Enrollment		Identical
Course Content	Required Topics	Identical
	Optional Topic Expansion (Optional Additional Topics - defined as part of CCN Descriptor development.)	Additional details expanded - local college discretion

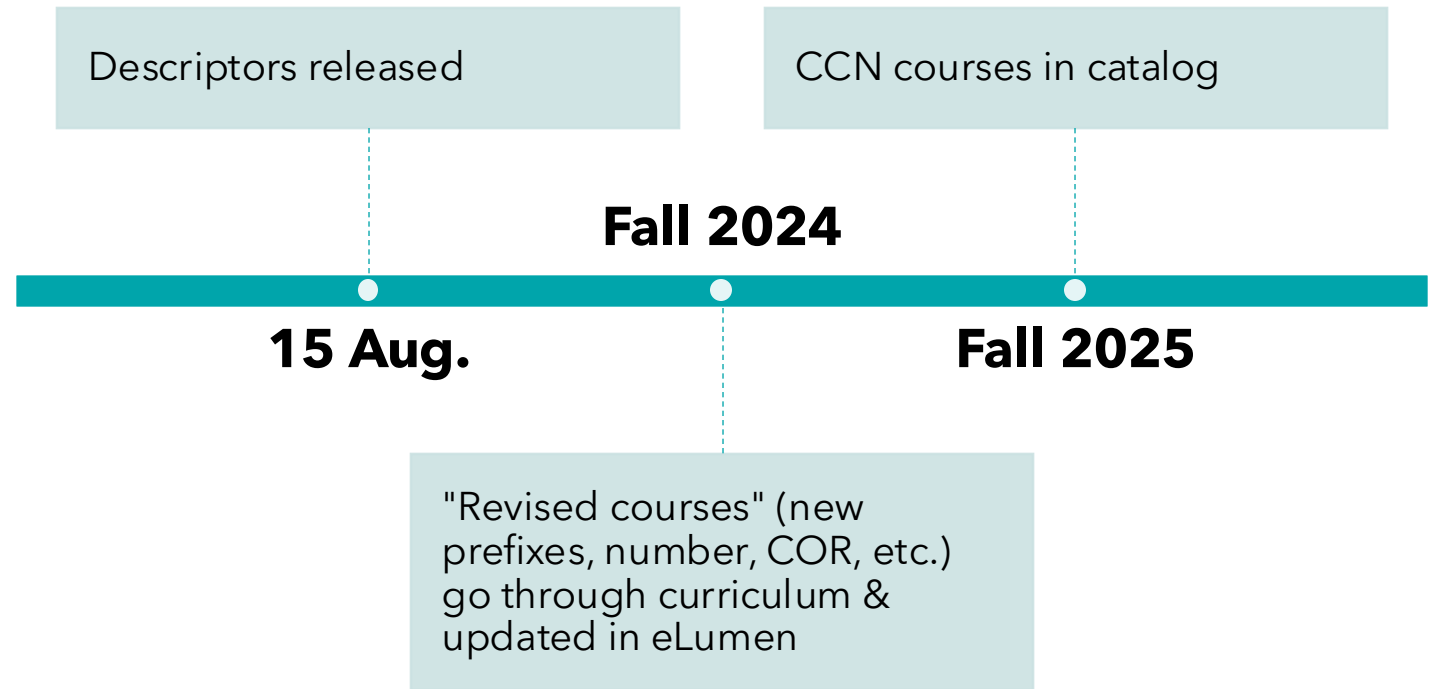

CCN Descriptor Elements		Descriptor Elements Classification
Student Learning Objectives/Outcomes	Required Objectives/ Outcome	Identical
	Optional Objectives/ Outcomes Expansion	Additional details expanded- local college discretion
	(Optional Additional Objectives/Outcomes - defined as part of CCN Descriptor Development)	

In the spirit of supporting unique interests and styles of faculty, intersegmental faculty working together to develop CCN Descriptor elements are encouraged to write the elements in a way that provides faculty the opportunity to customize the students' learning experience while meeting the requirements of the course content.

The recommended CCN Descriptor Elements table does not include all elements currently used for review of courses for transfer articulation. Notably, textbooks and assignments are not included. The CCN Task Force recommends that strong efforts are made by the intersegmental faculty groups to simplify the review of descriptor elements, as it adds to faculty workload and its current complexity may negatively affect students receiving transfer credits for CCC courses.

Get Involved!

- At some point the ASCCC will be sending out calls for faculty volunteers to take part in the development of the CCN templates for the first six CCN courses to be developed this summer. While those calls haven't been sent yet, you can encourage your faculty who may be interested in volunteering for this work to sign up for discipline-specific listservs operated by the Academic Senate for California Community Colleges (<https://www.asccc.org/sign-our-newsletters>). Just scroll to the bottom of the website to find the registration form.
- If you have any questions about the listservs, please contact the ASCCC at info@asccc.org.
