

Systemwide Technology Access Collaborative (STAC)

CollegeBuys

Brought to you by
FOUNDATION for CALIFORNIA COMMUNITY COLLEGES

Systemwide Technology Access Resource Tools for Education (STARTE)

In 2020 during the COVID-19 pandemic, the California Community Colleges Chancellor's Office (Chancellor's Office) collaborated with the California Virtual Campus (CVC) and the Foundation for California Colleges' CollegeBuys program to simplify access and procurement of online education tools to deliver virtual instructional and student support services. The result was the CCC STAC-STARTE program, the purpose of which is to leverage greater economies of scale that lead to expanded cost savings by centrally coordinating procurements of online education tools.

To participate in STAC-STARTE, please complete the following steps:

1. **Complete** the attached Order Form by selecting the online tools you are seeking to purchase through STAC-STARTE along with the quantities needed. If multiple department heads are purchasing, please collaborate and submit only one order form. Order Forms are due by June 14, 2024.
2. **Submit** the Order Form to STAC-STARTE via email to collegebuys@foundationccc.org. For STAC-STARTE to accept an Order Form, the form must be signed. Services purchased through STAC-STARTE within the purchasing window will be active between July 01, 2024 to June 30, 2025 unless otherwise specified.
3. **Receive and Approve** the quote issued by STAC-STARTE (not-to-exceed pricing). In response to the quote the college/district will provide a Purchase Order. Once all STAC-STARTE purchases are aggregated, invoices will be issued and reflect final pricing for selected services.

Please note that pricing reflected on the Order Form is not-to-exceed (NTE) pricing, and may be reduced further depending on the system's economies of scale. This is the value STAC-STARTE aims to deliver, and updated pricing will be reflected in the invoice provided by CollegeBuys, on behalf of STAC-STARTE. Colleges unable to participate in STAC-STARTE (i.e. the Purchasing Window has closed) can still purchase the below services through the supplier agreements at standard contract pricing.

Purchasing Collaborative Procurement Window

Fiscal Year: 2025

Purchase Order Deadline: July 12, 2024

Coverage Period: July 01, 2024 to June 30, 2025

Procurement Window: Now through June 14, 2024

Order Form Deadline: June 14, 2024

Invoice Deadline (Issued by CollegeBuys, on behalf of
STAC-STARTE): No later than July 19, 2024

STAC-STARTE Program

ORDER FORM

STAC-STARTE partnerships and pricing information are provided below. These partnerships are CVC and/or CollegeBuys partners that have demonstrated efficacy within the community college environment and are committed to partner-level engagement. **Pricing provided below is the maximum not-to-exceed pricing and may be lowered once all participating colleges' information is aggregated** (i.e. pricing will be renegotiated based on our compiled systemwide volume). Participating colleges should select providers for their needs, and complete the yellow sections below for the coverage period: **July 01, 2024 to June 30, 2025**. By signing, participating colleges accept service provider terms and conditions as secured by the Foundation (links to provider terms and conditions are provided below) in accordance with California Public Contract Code [20661](#). Colleges may withdraw participation at any time within the procurement window without issue. Additional supplier purchasing agreements are available outside of the STAC-STARTE order form. Please visit the [FoundationCCC CollegeBuys website](#) for an overview of all our 140+ supplier partnerships.

Additional Suppliers

Additional supplier purchasing agreements are available outside of the STAC-STARTE Order Form. Please visit the [CollegeBuys website](#) for an overview of the 140+ supplier partnerships.

- Academic, Instructional, and Online Education Technology
- Consulting Services
- Campus Facilities and Operations
- Health Services
- Financial Services
- Technology Infrastructure

If your college is interested in procuring one or more additional products or services, please reach out to CollegeBuys directly at collegebuys@foundationccc.org.

We Want Your Feedback

The CVC will be distributing a survey later this Spring. This survey is intended to help improve the program and gather suggestions for additional vendors to be included in upcoming purchasing windows.

CCCs should always proactively ensure compliance with state and federal regulations, as the Chancellor's Office has not confirmed that each solution offered has undergone a systemwide technology equity review process.
